—It is said that two cases of Asiatic cholera, one of which ended fatally, occurred yesterday at Arnautkeui.
—It is rumoured in Galata that the boiler of one of the Islands steamers blew up this morning at the Prinkipo scale.
—Mr. Tuckerman, minister of the United States in Greece, arrived yesterday from the Pireus for a few weeks stay in Constantinople.
—The Sanitary Office, near the Custom-House, destroyed by the Galata fire, is to be rebuilt at once in stone, and workmen are now engaged clearing away the rubbish encumbering its site.
—Prince Halim Pacha, accompanied by his daughter, the Princess Fatma Hanoum, and Prince Zagiel, his physician, returned from Europe by the Varna steamer of Friday.
—The Municipality has given notice that at the expiration of a month the employment of donkeys as beast of burden in the streets will be forbidden, and horses and mules will have to be used in their stead.
—As a precautionary measure against cholera, the Greek Government has imposed a quarantine of eleven days in all its ports on arrivals from the Sea of Azoff and the Black Sea. It has also established a lazaret at the island of Delos, near Syra, which are to be supplemented by two others at the Pireus and Corfu.
